

“A Word”

1 Corinthians- Wrap Up

- Last week we made the summit of the massive mountain of 1 Corinthians. And while the “Hillary Step” was the most technically challenging aspect of the ascent, it wasn’t the most dangerous aspect of the entire climb. Do you know where the most dangerous part of this climb is?
- It’s in the descent. In fact, it’s estimated that up to 75% of all climbing accidents occur in the descent and early in the descent where the euphoria, the altitude and the letting ones guard down all combine to make it the most dangerous part of the climb.
- How do you think that transfers to our study of 1 Corinthians?
- Forgetfulness is the most dangerous aspect of our last 16 week study.
- “Only be careful, and watch yourselves closely so that you do not forget the things your eyes have seen or let them slip from your heart as long as you live.” – Deut. 4:9
- In the same, way we can ask Jesus to give us “advanced” words; to give us a “heads up” before we head into uncharted waters or an event, I think we can also ask him for a “wrap up” words to protect us in our descent from the dangers of forgetfulness.
- Let’s review the 16 Chapter Titles and their main themes and ask Jesus to give us His “wrap up” words so we can be careful and “watch ourselves closely so that we do not forget the things our eyes have seen or let them slip from our hearts” ...and more importantly to apply them in our lives.
